Essay Topic for EC 1800

Maximum Word Count: 1,500 words (not including Bibliography and footnotes)

Due Date: Tuesday 20th January 2009

Pass mark required: 40%

Question:

Has Ireland become wealthier in the last twenty years? Why/Why not? Is Ireland going to become wealthier in the next twenty years (i.e. is it *sustainable*)? Why/Why not?

You can take any interpretation of 'wealthier' that you like so long as you define what you mean by 'wealthier' at the start of your essay and consistently use that meaning throughout.

Don't try to do too much in the essay! It is only 1,500 words so don't try to cover the entire course in such a short space. Pick ONE or TWO aspects of your own choosing and cover just those alone.

Proper academic referencing is to be used throughout the essay with full bibliography. You can use the Harvard/APA/whatever referencing system so long as it is consistent throughout the essay.

Reading List:

• Main Textbook: Economics by John Sloman (any edition, whatever is cheapest for you)

Additional Reading covered during the class:

- Freakonomics by Steven D. Levitt & Stephen J. Dubner
- Enron: Anatomy of Greed by Brian Cruver
- Happiness: Lessons from a New Science by Richard Layard
- The Upside of Down: Catastrophe, Creativity and the Renewal of Civilisation by Thomas Homer-Dixon
- Butterfly Economics by Paul Ormerod

Good luck with your essay!
